SUMMARY

MCA student with practical experience in full-stack web and mobile development. I take ownership of my work, learn new technologies , and collaborate effectively in a team. Looking for an opportunity to contribute meaningful value to an organization while continuously learning, taking on new challenges, and developing professionally.

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML5, CSS3
Backend: Django, REST API, PHP Laravel
Frontend: Flutter, Responsive UI
Database: MySQL, SQLite
Tools: Git, GitHub, VS Code

EDUCATION

MCA · University of Madras(Full Time)
2025 - 2027 · 86.75% (till 2nd Sem)
BCA · Ethiraj College for Women, Univ. of Madras
2022 - 2025 · 85.82%
HSC · Brotherhood Matric Hr. Sec. School
2022 · 88.87%

EXPERIENCE

Application Developer Intern Devazo Software Solutions Pvt. Ltd. | May 2026 - Jun 2026

- Built responsive UI screens in Flutter and integrated RESTful APIs for a Sales Management mobile app, enabling seamless frontend-backend data flow.
- Debugged application issues, tested features across modules, and collaborated with the team using Git for version control.

PROJECTS

Face Recognition Attendance System Python · Django · OpenCV · face_recognition · SQLite

- Built a Django web app that automates classroom attendance using webcam-based face recognition - encoding student face images into numerical vectors and matching them in real time via OpenCV, reducing manual effort.
- Implemented timetable-driven attendance logic (only marks within configured class windows), duplicate prevention, and a dashboard with subject/date-filtered attendance reports.

AI Cultural Etiquette Advisor Python · Django · MySQL · SQLite · Gemini API · JavaScript

- Developed a context-aware AI chatbot with database-first retrieval across 50-100 structured categories and Gemini API fallback, cutting redundant API calls and improving response speed.
- Implemented session-based context memory and NLP-driven intent detection for coherent multi-turn conversations; secured configuration via .env files.

Art Vault Auctions Python · Django · MySQL · JavaScript · HTML5 · CSS3

- Designed and developed a full-stack online auction platform with real-time bidding, artwork uploads, user authentication, and automated email notifications for bid events.

CERTIFICATIONS

- Programming, Data Structures & Algorithms in Python - NPTEL, IIT Madras
- Cryptography and Network Security - NPTEL, IIT Kharagpur
- Data Analysis & Visualization using MS Office

ACHIEVEMENTS

1st - Python Coding Competition, Madras Christian College
1st - ERROR-404 Debugging, Ethiraj College for Women
3rd - Debugging Contest, Women's Christian College
1st - Doodling Competition, Ethiraj College for Women
